SUPPORT TO FIND + KEEP A JOB

WHAT IS CAMDEN JOB BROKERAGE?

It is a new service that helps anyone with a learning disability in Camden get the experience and skills to move into work. It also supports employers to open up more jobs for people with disabilities.

HOW DOES IT WORK?

If you live in Camden, you can join the programme. You will have a meeting with an Employment Advisor and you'll get an assessment. We'll work together to create an Employment Plan for you. This will set out what support you need.

WHAT WILL I GET?

You can choose from many different types of support and pick and mix to create the support that's right for you. Choose from:

Training

If you need some training to learn new skills and improve your CV, we can support you to get onto the right courses.

Work placement

Work experience helps you to find out about jobs and will help you to learn some practical skills in a real business.

Job search skills

We'll support you to look for jobs. We can help you to create a CV, prepare for interviews and fill in application forms.

Job brokerage

Your Employment Advisor will talk to employers and help to explain what support you need at work. This will help to open up some new opportunities for you.

Support at work

We can support you during your first year in your new job. We'll help you to settle in and be successful and can work with your employer to make sure that they're happy too.

WHO IS IT FOR?

You can join this programme if you have a learning disability and live in the London Borough of Camden.
